

Indicative fees for students commencing a course in 2017

1. These fees are **estimates** only for students enrolling in government funded courses in 2017 on a full time basis.
2. The indicative fees for a course may differ between training providers due to the units they have included in the course outline. These differences generally result from adapting courses to meet local industry needs. The actual cost of a course may also vary between students if different electives are chosen.
3. Concessions and annual course fee caps may also apply to some courses. Fee caps are only shown on the basis that all units are commenced in 2017. Fee caps apply to some tuition fees only.
4. Fees have been quoted on the basis of 2017 fee rates only. These are expected to change in 2018.
5. Loan caps will apply to all eligible VET Student Loan (VSL) courses. The capped amount is the maximum Commonwealth loan a student will be able to apply for that particular course. If a student's course fees are higher than that amount, the student will be required to pay for the variance themselves at enrolment. Other than for specified exceptions, there will be three loan cap bands of \$5000, \$10,000 and \$15,000, which will apply irrespective of whether the course is being delivered face-to-face, online, or via mixed delivery modes.
6. Other charges may apply.
