

## Policy and Procedure for Client Complaints (CF010P)

---

### 1 Objective

This policy and procedure outlines the way in which Central Regional TAFE manages and responds to client complaints involving the conduct of:

- a) Central Regional TAFE, its trainers, assessors or other staff
- b) a third party providing services on Central Regional TAFE's behalf, its trainers, assessors or other staff or
- c) a student of Central Regional TAFE

This policy does not relate to:

- Appeals by students against academic matters such as student progress, assessment, curriculum and awards in a VET course of study at Central Regional TAFE (refer to Procedure for Conducting Student Appeals SA005P).
- A staff or student complaint of Sex Based Harassment (refer to Equal Employment Opportunity Policy and Procedure HR033P).
- A staff grievance (refer to Grievance Resolution Policy and Procedure HR019P).
- Appeals or feedback regarding decisions related to actions covered by the provisions of the Public Sector Standards in Human Resource Management.

### 2 Policy

Central Regional TAFE values client feedback and recognises that opportunities to improve products and services arise from effective handling of client complaints. The overarching aim of this policy is to ensure complaints are processed in a way that reconciles the interests of clients and the College whilst ensuring expectations of fairness are met.

The opportunity for clients to provide the College with feedback, including using the complaints procedure, will be made widely available to clients through printed material and publication on the College's website (<http://www.centralregionaltafe.wa.edu.au/>). Where clients have special needs every reasonable effort will be made to provide assistance if requested and to make the complaint lodgement procedure as flexible as possible.

Complaints will be handled fairly, recognising the rights of both the client making the complaint and the College, or the section/division of the College, or person against whom the complaint is being made. All parties concerned will be treated with courtesy and appropriate confidentiality will be maintained.

At all stages of the process, the complainant and/or respondent have the right to be represented by a third person (such as a family member, friend, counsellor or other professional support person).

In the interest of providing the most effective and timely address of client concerns and complaints, complaints should be dealt with as close to the source as possible and involve the people most directly concerned. The College will respond to complaints in a timely manner and ensure the complainant is kept informed of progress in the resolution of the complaint and of any undue delay. Where a complaint represents a significant or strategic risk, the Manager Planning and Quality will immediately bring this to the attention of the Managing Director or an appropriate member of Corporate Executive.

The College will be transparent and accountable in relation to client complaints by ensuring information about the procedure is widely available and by informing stakeholders about feedback received and actions taken to improve products and services resulting from analysis of feedback.

Academic and non-academic Managers are responsible for the training of staff in the application of this policy and implementation and adherence of the policy. The College will ensure appropriate

training for staff involved in the complaints management process. The College's policies and procedures are mapped through the staff induction program.

Where a complaint is made anonymously this will be regarded as feedback and incorporated into the College's continuous improvement processes where appropriate.

Where necessary, the College's Managing Director will have the final determination in the outcome of a complaint.

The complainant is to be informed of their right to be able to apply to an external agent if they are not satisfied with the outcome of the formal complaint process (eg Australian Mediation Association or Ombudsman).

The College agrees to be bound by any recommendations arising from the review by an external agent. The Managing Director will ensure that any recommendations made are implemented within 30 days of receipt of the report from the external agent.

The College will collect data and maintain records of complaints received and their outcomes. These will be analysed by the Quality Committee and Corporate Executive twice yearly to identify systemic issues that can be addressed through continuous improvement. This process will be co-ordinated by the Manager Planning and Quality.

All documentation relating to client complaints will be forwarded to the Planning and Quality Officer to be recorded and registered on the College's electronic records management system. Records of all complaints, decisions and outcomes of the complaints process are kept in accordance with the College's Policy and Procedure for the Retention and Disposal of Records (RM003P).

### 3 Procedures

A client may withdraw a complaint at any point in the procedure.

#### Informal Complaint (see flowchart CF010C1)

The first level of the complaint procedure is informal where a client may approach a member of staff to discuss a concern or make a complaint. This does not need to be in writing and it is anticipated that most complaints can be resolved at this level.

A client may approach any College staff member to discuss a concern or make a complaint. The staff member has a responsibility to take prompt and reasonable action to try to resolve the complaint and advise the client of this Policy and Procedure. If necessary the staff member may ask for assistance from or refer the client to an appropriate officer, for example their supervisor or relevant Director.

Where the client lodging the complaint is under the age of 18 the staff member is to inform the client that their parents will be notified and asked to be involved in resolution of the complaint.

The staff member should record the details of the complaint, the client involved and any actions taken to resolve the complaint. The details can be recorded in an informal way, e.g. in a diary or as a file note, however appropriate confidentiality must be maintained.

An informal response will generally be given verbally to the client **within ten (10) College working days** from when it was received. The client should be informed that a formal procedure is also available to them if they are unsatisfied with the outcome of the informal process.

The staff member involved is to provide details of the complaint to the Planning and Quality Officer including the essential details of the complaint, when it was made, what steps have been taken to resolve the complaint, and whether the client has been informed of the outcome. This should be done ensuring appropriate confidentiality is maintained and as soon as is reasonable to ensure data regarding complaints is recorded and shared with the Manager/Director of the area as necessary.

---

If the complaint has not been resolved to a satisfactory level through this informal process the Planning and Quality Officer is to forward the complaint to the relevant College Director for investigation and recommendation. The complaint then becomes a formal complaint.

### **Formal Complaint** (see flowchart CF010C1)

Once it has been established that the complaint could not be resolved through the informal process the complaint is made formally in writing and must contain at least the following details:

- Client's name and contact details.
- A description of the complaint, including where, when and who was involved.
- A description of the steps already taken to try to resolve the complaint.
- An indication of the client's desired outcome.
- Clients may use the Client Complaint Form (CF010F1) however in the interests of making the procedure as accessible as possible, provided the complaint is in writing, and contains the above details, this form is not mandatory.

Staff will provide assistance to clients in using the procedure and putting their complaint in writing if this is requested. Staff may record a formal complaint over the phone into an email for actioning as a formal complaint. Clients may also ask a friend/colleague or fellow student to assist them in lodging a complaint.

Where the client lodging the complaint is under the age of 18 the staff member is to inform the client that their parents will be notified and asked to be involved in resolution of the complaint.

Any staff member may take receipt of a written complaint. All written complaints should be forwarded immediately to the Planning and Quality Officer who will scan and register the complaint on the relevant electronic records file and then forward to the appropriate Director for resolving. Details of the complaint are recorded and tracked through the complaints register.

On receipt of a complaint the appropriate Director will issue the client with a written acknowledgement (CF010T1) indicating that the complaint has been received and provide their contact details or details of their nominated staff member.

The Director, or their nominated staff member, will liaise with the client and relevant staff to ensure the complaint is resolved. Where the complaint involves allegations against a College staff member the Director will inform the Manager Human Resources. Where necessary, the College's Managing Director will be consulted and have the final determination in the outcome of a complaint.

The client making the complaint will have the opportunity to formally present their case. This can be in writing or verbally and may involve clarification of the initial complaint. The Director, or their nominated staff member, will facilitate this.

Upon completion of the investigation the Director will provide the client with a response in writing, informing them of the outcome of the complaint and the reasons for any decisions.

The client will normally be provided with a written response within **thirty (30) College working days** from when the formal complaint was received. The Director or nominated staff member should keep the client informed of the progress of the complaint resolution or if there are any delays in the resolution process.

The written response will include the outcome of the complaint, reasons for the decision, any changes which have resulted from the complaint, an apology where appropriate, and information about the option to have the complaint reviewed by an external agency, such as the Ombudsman and will provide the contact details as follows:
