ACMSS00007 Microchip Implantation for Dogs and Cats Skill Set

National ID: ACMSS00007 | State ID: AD737

About this course

Implant microchips in dogs and cars with appropriate care

You will gain the skills and knowledge to understand, interpret and apply microchip implantation procedures on cats and dogs, whilst exhibiting appropriate care for animals so that stress and discomfort is minimised.

This skill set is targeted at individuals who are registered as a state or territory approved microchip implanter for cats and dogs.

Course Content

The below nationally recognised units of competency are included in this course:

- ACMGAS301 Maintain and monitor animal health and wellbeing
- ACMMIC401 Implant microchip in cats and dogs
- ACMWH5201 Participate in workplace health and safety processes
Certification

Upon successful completion you will receive a Statement of Attainment

Overview

Training at CRTAFE will be offered with a blended, flexible delivery model to enable social distancing measures during the COVID-19 pandemic. This approach may include a combination of online and classroom based delivery, as well as practical and work experience placements. While the mode of delivery may vary, the content and key learning outcomes of the course will remain the same. Lecturers will provide specific instructions to their student groups on how training will be undertaken and the support available to them.

Prerequisites
There are no prerequisites for this course

Study pathway
These units provide credit towards ACM30117 Certificate III in Animal Studies, ACM30317 Certificate III in Captive Animals, ACM30417 Certificate III in Companion Animal Services and ACM40417 Certificate IV in Veterinary Nursing

Fees and charges
Find our Indicative Price List here.

At Central Regional TAFE, three types of fees may be charged.

Course Fees
The course fee is determined by multiplying the tuition fee rate by the nominal hours, which is the number of hours in which an average student could be expected to complete each unit.

Resource Fees
Resource fees are charges for materials that are considered essential to a course or unit of study and which do not form part of the course fee. The resource fee covers materials purchased by the College to be consumed or transformed by students in the course of instruction, such as workshop materials, workbooks and essential uniforms.

Other Fees
Other fees may be charged for goods or services that are not essential to the course such as parking, membership to student organisations and security passes.

In addition to these fees students may need to purchase textbooks, uniforms and other course specific equipment. Your Pre Enrolment Information package will provide additional information if these are required.
Please note, fees are subject to change.
