ICT40815 Certificate IV in Digital Media Technologies

National ID: ICT40815 | State ID: AVZ6

About this course

Are you looking for a leading digital media career?

When you complete the Certificate IV in Digital Media Technologies you will be an attractive applicant for in-demand IT roles such as digital media designer, digital media producer, digital content producer, interactive media designer, online digital producer and digital/social media coordinator.

You will gain the career enhancing knowledge and skills to create digital visual effects, work with digital images, create interactive media, engage in digital content production, design for interactive websites and develop projects using 2D and 3D animation technologies, and develop eLearning design skills.

You will acquire valuable experience in supporting projects, fulfilling client expectations, working in a digital media environment and with workplace health and safety.

This is a WA priority skills course so lower tuition fees apply and employment prospects are higher.

Skills gained from the Multimedia Stream:

- Presenting and discussing ideas in an articulate manner
- Understanding WHS communication and consultation processes
- Authoring interactive media
• Understanding copyright, ethics and privacy and how it applies in an IT environment
• Evaluating and making the best use of online learning tools
• Working effectively in the industry and supporting small scale projects
• Programming concepts and processes
• Using JavaScript to create interactive web pages
• Creating and animating 3D models
• Creating digital visual effects to enhance your video productions using Premiere Pro and After Effects
• Using storyboards for your productions to enhance your workflow
• Basic sound editing techniques
• Producing and editing digital images in Photoshop, and
• Techniques for illustrative work and graphic design.

Skills gained from the Programming Stream:

• Designing, coding and creating web pages using HTML, CSS3 and JavaScript
• Designing, coding and creating mobile applications using HTML5
• Troubleshooting and maintaining websites, and
• Programming skills and knowledge that can be translated in many programming languages.

Overview

Training at CRTAFE will be offered with a blended, flexible delivery model to enable social distancing measures during the COVID-19 pandemic. This approach may include a combination of online and classroom based delivery, as well as practical and work experience placements. While the mode of delivery may vary, the content and key learning outcomes of the course will remain the same. Lecturers will provide specific instructions to their student groups on how training will be undertaken and the support available to them.

Available all year round, 2020

Geraldton Campus - Self Paced External Multimedia_Programming Streams

On occasion there may be additional resources that students are required to provide as part of their course. Specific details will be provided in your Pre-Enrolment Information Pack.

Disclaimer

Courses at Central Regional TAFE are delivered subject to resources and demand. For the latest information, check with the appropriate campus, as course availability may be subject to review and change.

Fees and charges

Find our Indicative Price List here.

At Central Regional TAFE, three types of fees may be charged.

Course Fees
The course fee is determined by multiplying the tuition fee rate by the nominal hours, which is the number of hours in which an average student could be expected to complete each unit.

Resource Fees
Resource fees are charges for materials that are considered essential to a course or unit of study and which do not form part of the course fee. The resource fee covers materials purchased by the College to be consumed or transformed by students in the course of instruction, such as workshop materials, workbooks and essential uniforms.

Other Fees
Other fees may be charged for goods or services that are not essential to the course such as parking, membership to
student organisations and security passes.
In addition to these fees students may need to purchase textbooks, uniforms and other course specific equipment.
Your Pre Enrolment Information package will provide additional information if these are required.

**Please note, fees are subject to change.**
