Fees and charges

Find our Indicative Price List here.

At Central Regional TAFE, three types of fees may be charged.

Course Fees
The course fee is determined by multiplying the tuition fee rate by the nominal hours, which is the number of hours in which an average student could be expected to complete each unit.

Resource Fees
Resource fees are charges for materials that are considered essential to a course or unit of study and which do not form part of the course fee. The resource fee covers materials purchased by the College to be consumed or transformed by students in the course of instruction, such as workshop materials, workbooks and essential uniforms.

Other Fees
Other fees may be charged for goods or services that are not essential to the course such as parking, membership to student organisations and security passes.

In addition to these fees students may need to purchase textbooks, uniforms and other course specific equipment. Your Pre Enrolment Information package will provide additional information if these are required.

Please note, fees are subject to change.
