

# AHC31416 Certificate III in Conservation and Land Management

National ID: AHC31416 | State ID: BDC1

## About this course

### Are you looking for a career working with plants and animals?

When you complete the Certificate III in Conservation and Land Management you will be ready for a career as a conservation worker, parks and wildlife ranger, or bush restoration worker.

You will have the skills and knowledge to work effectively in the land conservation industry, maintaining natural areas and wetlands, providing cultural knowledge, revegetation programs, planting shrubs and trees, treating weeds, collecting seeds, and workplace safety and health.

Working in the Conservation and Land Management industry is for people who would love to work in an outdoor environment and recognise the value in restoration of natural bushland and coastal areas.

#### Our Focus on Flexible Options

Many of our courses offer flexible learning options that provide you with the opportunity to study whenever and wherever suits you. Flexible options can include online learning, workplace assessment, recognition of prior learning and correspondence type programs that can sometimes be supplemented by block or focussed delivery.

We strive to offer a mix of flexible options that suit your needs. Typically flexible learning options are open for enrolment all year round, allowing you to start any time and completed within 6 months of your start date. Choose the right amount of units for you to study at any given time.

Our Self Paced External courses can be accessed anywhere and anytime, regardless of your geographical location!
