AUR20218 Certificate II in Automotive Air Conditioning Technology

National ID: AUR20218 | State ID: BDQ6

About this course

Take your career in the automotive industry to the next level.

This qualification may assist your career advancement opportunities within the automotive industry. When you complete the Certificate II in Automotive Air Conditioning Technology you will have the skills and knowledge to work effectively in the automotive industry servicing heating, ventilation, and air conditioning systems, retrofitting and modifying, diagnosing and repairing faults, whilst learning to work safely in the workplace.

Students will learn how to test and repair basic electric circuits; diagnose, repair, retrofit and modify air conditioning and HVAC systems; carry out diagnostic procedures, as well as a range of other tasks.

This qualification offers a credit transfer or Recognition of Prior Learning (RPL) for the vehicle servicing component within the Certificate II in Automotive Technology.

Please note: Central Regional TAFE offers this as a standalone course, but if you are an apprentice completing AUR30616 Certificate III in Light Vehicle Technology or AUR30316 Certificate III in Automotive Electrical Technology, you have the opportunity to complete a Certificate II in Automotive Air-Conditioning Technology as well.

Job opportunities

Your guide to Australian careers

This qualification reflects the role of individuals who perform a range of tasks relating to servicing and repairing air conditioning components and systems of cars and heavy vehicles in an automotive service and repair business.

Important information

Disclaimer

Courses at Central Regional TAFE are delivered subject to resources and demand. For the latest information, check with the appropriate campus, as course availability may be subject to review and change.

Fees and charges

Find our Indicative Price List [here](#).

At Central Regional TAFE, three types of fees may be charged.
Course Fees
The course fee is determined by multiplying the tuition fee rate by the nominal hours, which is the number of hours in which an average student could be expected to complete each unit.

Resource Fees
Resource fees are charges for materials that are considered essential to a course or unit of study and which do not form part of the course fee. The resource fee covers materials purchased by the College to be consumed or transformed by students in the course of instruction, such as workshop materials, workbooks and essential uniforms.

Other Fees
Other fees may be charged for goods or services that are not essential to the course such as parking, membership to student organisations and security passes.

In addition to these fees students may need to purchase textbooks, uniforms and other course specific equipment. Your Pre Enrolment Information package will provide additional information if these are required.

Please note, fees are subject to change.
