

# KAA19 White Card Skill Set

National ID: KAA19 | State ID: KAA19

## About this course

The White Card Skill Set is an induction skill set designed for those required by Occupational Safety and Health Regulations to provide competency, namely the construction industry.

The requirements for construction induction training apply to construction work.

The definition of construction work under the *Occupational Safety and Health Act 1984* and Occupational Safety and Health Regulations 1996 is very broad and picks up a wide range of activities. The Occupational Safety and Health Regulations 1996 set out mandatory requirements for the provision of construction safety induction training, for employees or self-employed people doing construction work at a workplace in Western Australia.

## Fees and charges

Find our Indicative Price List [here](#).

At Central Regional TAFE, three types of fees may be charged.

### Course Fees

The course fee is determined by multiplying the tuition fee rate by the nominal hours, which is the number of hours in which an average student could be expected to complete each unit.

### Resource Fees

Resource fees are charges for materials that are considered essential to a course or unit of study and which do not form part of the course fee. The resource fee covers materials purchased by the College to be consumed or transformed by students in the course of instruction, such as workshop materials, workbooks and essential uniforms.

### Other Fees

Other fees may be charged for goods or services that are not essential to the course such as parking, membership to student organisations and security passes.

In addition to these fees students may need to purchase textbooks, uniforms and other course specific equipment. Your Pre Enrolment Information package will provide additional information if these are required.

**Please note, fees are subject to change.**
