KAB35 GovHack Skills Set

National ID: KAB35 | State ID: KAB35

About this course

Join the largest open data hackathon in the southern hemisphere.

GovHack is an international event which attracts thousands of participants each year who come together in simultaneous events taking place in major and regional cities across the country.

The event requires competitors to work in small teams during the 46 hour event to produce a 'hack' using Australian government data. Teams are judged on the production of a three minute video explaining their idea and its future potential.

It is FREE to register and there are no costs associated with participating in the event.

Course content

As part of their participation in this event, students will complete the below unit:

BSBWOR202 | Organise and complete daily work activities

Certification

This is a nationally recognised unit of competency and upon successful completion students will receive a Statement of Attainment

Fees and charges

Find our Indicative Price List [here](#).

At Central Regional TAFE, three types of fees may be charged.

Course Fees

The course fee is the sum of fees for all units that a student enrolls in. An hourly rate based on nominal hours will apply to each unit commenced in 2019.

Resource Fees

Resource fees are charges for materials that are considered essential to a course or unit of study and which do not form part of the course fee. The resource fee covers materials purchased by the College to be consumed or transformed by students in the course of instruction, such as workshop materials, workbooks and essential uniforms.

Other Fees

Other fees may be charged for goods or services that are not essential to the course such as parking, membership to student organisations and security passes.

In addition to these fees students may need to purchase textbooks, uniforms and other course specific equipment. Your Pre Enrolment Information package will provide additional information if these are required.

Please note, fees are subject to change.
