National ID: MEM40105 | State ID: WT46

About this course

Are you already working in the engineering industry and looking to further develop your skills?

This qualification covers the skills and knowledge required for employment as a Higher Engineering Tradesperson or a Special Class Engineering Tradesperson (Mechanical)-Level II, Special Class Engineering Tradesperson (Fabrication)-Level II, Special Class Engineering Tradesperson (Electrical/Electronic)-Level II within the metal, engineering, manufacturing and associated industries or at equivalent levels in other industries where Engineering Tradespersons work.

The qualification has been specifically developed to be delivered to people who are existing engineering tradespersons or delivered to apprentices in an Engineering Trade who choose to study at a higher level during their apprenticeship. The qualification packaging has been developed on the assumption that competency will be developed through an integrated combination of on and off the job learning strategies such as those delivering through a formal apprenticeship.

Much of this qualification is available for Recognition of Prior Learning.

You will gain knowledge and skills in:

- design

- assembly
- installation
- modification
- manufacturing
- testing and maintenance.
