Central Regional TAFE – CRT-BYOD Wi-Fi Guide

Students can access **CRT-BYOD** Wi-Fi with their own devices on campus if you need to connect to internet. This guide will cover commonly used devices. We cannot guarantee it will be compatible with all the devices.

If you are newly enrolled or recently received a password reset through CRTAFE, you will need to setup your own password before connecting to CRT-BYOD Wi-Fi. This can be done through office.com or login to an on-site student PC.

€€

Windows Devices

- 1. Open the Network Connections on your task bar.
- 2. Click On **CRT-BYOD** then **Connect**.

3. Enter your student ID number (eg. G0012345) and password.

(k.	CRT-BYOD Connecting	
	Enter your user name a	nd password
	User name	
	Password	
		Cancel

4. Click "Connect" on any warnings.

5. CONNECTION COMPLETE. Steps 1 to 4 will be remembered by your device unless your password expires or changes. You will need to re-login to connect again.

Apple Devices (MAC)

- 1. On your Mac, click the Wi-Fi icon 🛜 in the menu bar.
- 2. Choose CRT-BYOD.
