50% OFF TAFE FEES

RII30815 | Certificate III in
Civil Construction Plant Operations

THERE’S NO BETTER TIME TO STUDY!
Take advantage of the half price TAFE fees for this qualification in 2020-2021 and work in an industry where the jobs are today and into the future.

COURSE OVERVIEW
A career as an operator in the Civil construction industry provides a diverse working environment where no two days are the same. You’ll be required to apply a broad range of skills, and provide theoretical advice and support to a team.

As part of your training you will learn how to:
• Carry out measurements and calculations
• Identify, locate and protect underground services
• Carry out manual excavation
• Use hand and power tools
• Operate small plant and equipment
• Conduct civil construction skid steer loader operations
• Conduct backhoe/loader operations
• Conduct roller operations
• Implement traffic management plan
• Control traffic with stop-slow bat
• Drain and dewater civil construction site and more!
